

**MAINTENANCE INSTRUCTIONS FOR
POLISHED BRASS AND
POLISHED COPPER BASINS**

.....

Please inspect all parts carefully **after** you purchase and **before** installation. Bates & Bates does not warranty the finish of its products **after** installation.

- 1) Clean basin **after** installation and **before** first use.
- 2) Do not allow water spots to dry on fixture. Dry them with a clean soft cloth.
- 3) Clean stubborn spots with a non-abrasive liquid or paste polish. We recommend Flitz polish. Weekly applications of Flitz gives best results.
- 4) After polishing, apply a paste wax or a product such as Flitz Fixture Wax. This will add another temporary protective coat.
- 5) Never use cleaners with abrasives, soft scrub, Clorox or Drano type products on these finishes.

PRODUCT AWARENESS

Polished finishes have **NO** protective coatings. They will oxidize and discolor without proper care.

To keep your basins beautiful: **KEEP THEM CLEAN AND DRY.**

IMPORTANT

It is the responsibility of the customer to check for defects before installation. Warped, tarnish, color match should be determined before installation.
