

**MAINTENANCE INSTRUCTIONS FOR
CAST BRONZE BASINS**

.....

Please inspect all parts carefully **after** you purchase and **before** installation. Bates & Bates does not warranty the finish of its products **after** installation.

- 1) Wipe basin **after** installation and **before** first use.
- 2) Do not allow water spots to dry on fixture. Dry them with a clean soft cloth.
- 3) Apply a soft wax such as Flitz Fixture Wax or a product such as Pledge furniture polish. This will add a temporary protective coat.
- 4) Never use cleaners with abrasives, soft scrub, Clorox or Drano type products on this finish.
- 5) Water spots can be removed with a soft cloth and brass cleaner. Gently rub brass cleaner over the basin and let dry. Buff basin with a clean soft cloth to remove discoloration and spots.
- 6) Always wax bowl after cleaning with brass cleaner.

PRODUCT AWARENESS

Bronze is durable, yet soft. Bronze has **NO** protective coatings. The surface can be scratched or marked. Treat your sink carefully. In time and with use the colors can change. This is normal. Regular cleaning and waxing will help protect the finish.

To keep your basins beautiful: **KEEP THEM CLEAN AND DRY.**

IMPORTANT

It is the responsibility of the customer to check for defects before installation. Bates & Bates does not guarantee our cast bronze to match any other manufacturers cast bronze.
